INTERNSHIP PROGRAMS

The **AquaBioTech Group** actively encourages students and post-graduates to undertake training sessions at our company so as to gain valuable practical, applied and hands-on experience. We offer student training placements lasting **from 3 to 12 months**. Many of the past students that have undertaken placements within the various companies of the **AquaBioTech Group** have linked their training to EU or state funded training schemes.

Doing an internship with **AquaBioTech Group** means that you get to work in an international orientated and award-winning company. With state of the art research facilities and an innovative mindset, we have become one of the leading companies within our sector. Not only is the team young and multicultural but also English speaking which means that an internship with us is also a great way to improve your language skills.

We offer internships within:

- Graphic design
- Web development
- Administrative assistant
- Market research analyst
- Video producing and editing
- Marketing and business development

Research and development

- OHS internship
- Laboratory QA/QC

PREVIOUS INTERNS

Rozalia Perri, Greece

Aquaculture Research & Development Intern

“ There is a great environment and friendly atmosphere at ABTG. I learned a lot, worked with amazing people, and this experience is something I will definitely remember.

Jayaruwan Gunathilake, Sri Lanka

Quality Assurance & Quality Control Intern

“ As an analytical chemist, I never thought I would go in to quality assurance. But the internship with AquaBioTech Group opened up a whole new career possibility for me.

Marina F. Longo, Italy

Business Development Intern

“ Working in the Business Development Department gave me the opportunity to improve my English and skills within problem solving as well as be a part of a great team.

Over the past 20 years we have hosted more than 200 trainees in various fields; fish rearing, aquaculture engineering, water chemistry, fish health and nutrition, toxicology, marine monitoring, business development, etc.
